Dot & Key Sunscreen: Packaging and Product Specification (Test Upload)

Mock rules for testing. Dot & Key is a real brand; these values are placeholders.

1. Product name. Always use the exact name "Dot & Key Sunscreen" with the SKU name on pack.

2. SPF on pack. The SPF value on the front panel must match the approved SPF fact for that SKU: [PLACEHOLDER: SPF per SKU].

3. Minimum font size. Warning text on pack must be at least 6 pt in print.

4. Colour. Primary brand colour: [PLACEHOLDER HEX]. Use only approved colours on packaging.

5. Warning text. Mandatory warning text for India: [PLACEHOLDER: regulator text].
